

WE NEED YOUR HELP

Are you a young person aged 8-25 years who has experienced childhood cancer?

Are you a parent/carer of a child or young people with a cancer diagnosis?

Could you work with us to help advise our research programme?

- We are finding out about the types of support offered to young people and families during a cancer journey.
- We will work with our advisors over 2 years.
- We can be flexible with how you want to share your views.
- You do not need to have done anything like this before.
- We hope being an advisor will be interesting, fun and you will learn new skills.
- You will be paid for your time and any travel costs.
- Our first meeting (via phone/online) is planned for the week commencing 11th March. Please reach out before then if you want to join us!
